Sumpter Twp. resident charged for growing too much marijuana

By Rosemary K. Oztman
Independent Editor

Sumpter Township resident Nelson Po, 67, was arraigned at 34th District Court on Monday morning on one count of controlled substance, delivery / manufacturing 5-45 kilograms of marijuana (or 20 to 200 plants).

This was much more than the 72 plants allowed under the Michigan Marijuana Act, said Sumpter Township Police Detective John Toth.

Nelson Po

If he is found guilty of the charge Po faces seven years in prison or a \$500,000 fine.

Po is out on a \$10,000 personal recognizance bond and is scheduled to be back at 34th District Court on Aug. 31 for his probable cause conference and on Sept. 7 for his preliminary exam.

Sumpter police raided Po's marijuana

growing setup in the 45000 block of Harris Road at about 10 a.m. Tuesday, Aug. 16, and stayed through the morning of Aug. 17.

Det. Toth said Sumpter police, with the aid of the Monroe Area Narcotics Team and Investigative Services (MANTIS) run by the Michigan State Police, burned a large quantity of marijuana over that night. He said a nearby resident cooperated by giving police property for the burning operation. They used diesel fuel.

At the time Po and another person were arrested and the Wayne County Prosecutor's office issued a warrant for Po, but did not charge the person. A third person was cited, he said.

"It was over and beyond what he's allowed to have," Det. Toth said of the amount of marijuana at the site.

Neighbors said that police confiscated vehicles and equipment from the barns, but Det. Toth said he would rather not comment on that at this time.

Taste of Belleville

The Van Buren Township Parks and Recreation Department provided free crafts for children, above, at last Thursday's Taste of Belleville at Horizon Park. The Taste, following the Bridge Walk, is sponsored by the Belleville Central Business Community. At right is one of the 19 booths set up for the Taste.

Keystone Academy honored by NHA for enrollment, excellence

By Rosemary K. Oztman
Independent Editor

Keystone Academy Principal Keturah Godfrey announced that she had accepted two awards for Keystone from National Heritage Academies: one for student enrollment and one naming it a Four Star School of Excellence.

She told the Keystone school board at its meeting Aug. 18 that she was very pleased to get Four-Star designation because last year they were a Three-Star school.

She said the charter school is doing very well with its enrollment and student attrition is low.

Board president Vesta Losen said she was glad to see the scores up, but she wanted a synopsis of the problem in parent satisfaction, which shows less satisfaction than before.

Principal Godfrey said dissatisfaction was up 2% from last year and she attributed it to a change in demographics, with working parents not able to participate in school activities as much and noting they were just "satisfied" rather than "highly satisfied."

She said the parent survey gives the school a picture of what parents are thinking.

Godfrey said this year they will be putting on the back of the school t-shirts the statement: "Intelligence and character is the true goal of education."

She said the people they are surveying are different than those of five years ago, all across NHA.

"They feel a problem with discipline being effective," Losen said.

Godfrey said parents whose children are in trouble are upset. And, then those who want other children punished want to know what was done and because of privacy rules Godfrey said she can't tell them.

Then, there is a family that had several severe issues and others think they should be kicked out, she said. But, some are special education children and there rules about that.

"All they see is the behavior," said Godfrey. "Many parents who come to talk to me get an explanation and leave satisfied."

Then there is a group of people who get on the phone or text each other and it is gossip, she said, adding it's parents who have been here a long time.

"When they see the demographics, they

Board president Vesta Losen, left, swears in Susan Meland for another three-year term on the Keystone Academy Board of Directors. Meland's new term expires in June 2019. The swearing in was at the beginning of the Aug. 18 meeting. Meland currently serves as the board secretary.

think Keystone is going downhill, but Keystone is not going downhill," Godfrey said.

"I think discipline is always going

to be shaky, if we're not able to share information," Godfrey said. She suggested a parent may have said "highly dissatisfied"

Transgender bathrooms maybe not a big problem

On Sunday, a federal judge in Texas ruled in a case brought by 13 states that the federal rule on transgender bathrooms goes against federal law and every state has to follow this ruling.

Mary Ban told of the ruling at Tuesday's Sumpter Township Board of Trustees meeting when State Rep. Bill LaVoy was present to answer questions from residents of his district.

Mary Sherwood has asked about transgender bathrooms to begin the discussion and Rep. LaVoy said there is no legislation one way or the other, but the state Board of Education has set some rules.

After Ban discussed the Texas federal ruling, Rep. LaVoy said he had a personal opinion. Rep. LaVoy said, in his opinion, "I think the state has many better things to do than act on this subject."

Keystone Academy in Sumpter Township recently joined in a national law suit on the issue of transgender bathrooms. The federal government had sent out a letter to all school boards threatening them with loss of federal funds if they didn't allow transgender use of restrooms of their choice.

Ban also asked Rep. LaVoy about Common Core and if it will be rescinded in Michigan. LaVoy said he has seen no move to do so, although there has been discussion on the subject. Ban noted that several states have rescinded their approvals of Common Core.

EXTRA THINGS I KNOW

...By Rosemary K. Otzman

We received a letter with lots of information about the Belleville Police Department with the note at the bottom that the writer did not post his/her address or phone number due to a fear of retaliation. Well, I need to know who you are and the name you signed may not be real. Please, call me and talk to me about this. I may withhold your name, but I first must have your identity in order to withhold it.

I get nervous about people calling out names and allegations from behind a bush.

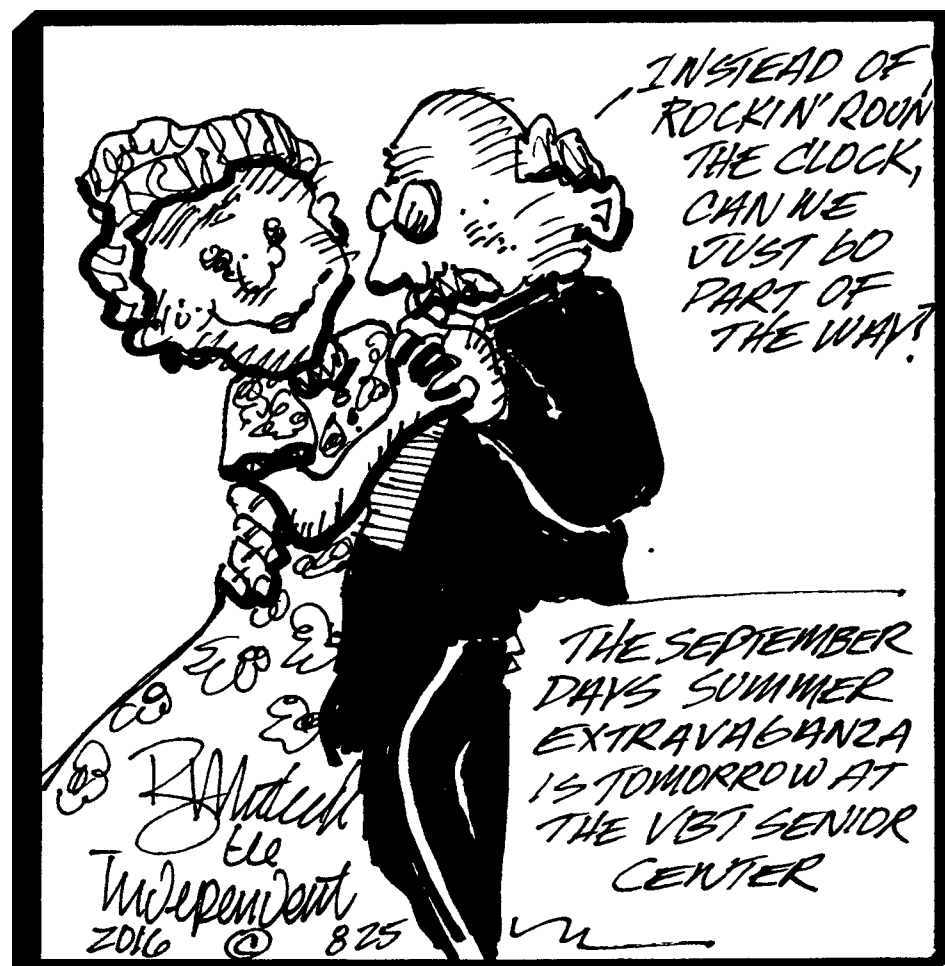

Michael Fleury, who lives in the city of Belleville, said he got a message left on his cell phone from "the IRS legal department," telling him a law suit has been filed against him and urging him to call them at (202) 769-5271.

He talked to Belleville Police instead and they told him the scammers are able to get numbers and change them easily and although local police, the FBI, and the IRS have been trying to figure out how to stop them they are unstoppable now.

I called the number he gave me and it was busy. Michael just wanted others in the community to know about the calls and to be sure not to believe the IRS ever calls. IRS always writes if they want to tell you anything.

The Van Buren Township Environmental Commission didn't meet on Aug. 17, as scheduled, because there was lack of a quorum. The commission was going to discuss, among other things, possible fines for those contractors ignoring the coal tar ban.

Staff had gathered coal tar ordinances

for five Michigan communities, so commissioners could study them to see what others were doing. This is sure to be on the Sept. 21 meeting agenda.

Van Buren Township was the first municipality in the state to have a coal tar ordinance, followed by Scio Township, City of Ann Arbor, Spring Lake Township, Hamburg Township and City of Dexter. State Rep. Kristy Pagan has introduced a statewide ban and her proposal is in committee.

The ordinances for Ann Arbor and Spring Lake call violation of any part of the ordinance to be a civil infraction with up to a \$10,000 fine. They are serious about this.

Spring Lake has up to \$500 for the first offense and then up to \$1,000. The others, including VBT, refer to offenses as civil infractions and the penalty amounts are not listed in the ordinances.

The next commission meeting at 7 p.m., Sept. 21, should be interesting. It's an open meeting, but not on cable.

At Friday's Battle for Belleville, the big tank was brought in on a trailer and it had new rubber on the treads so it wouldn't harm the Main Street pavement. The city council was advised that it wouldn't turn and would just go forward and backward so the city street wouldn't get scuffed up like it did last time a tank came through with some of the rubber worn off the metal

treads.

During the reenactment of a WWII battle to save the museum, the tank came down the street, but then it had to turn to go around a German vehicle that stalled and couldn't restart. That German vehicle was stranded in front of the museum so the tank had to turn to get around it. That is how the black rubber markings were made on Main Street.

I was told the rubber is no big deal and will be scrubbed off with the first pass of the city street cleaner. Another person mentioned that there might be a problem, seeing how upset the city council gets over tape left on the curb after the Strawberry Festival.

This is the week for ice cream. The Belleville Area District Library had an ice cream social at the library on Wednesday and then the Belleville Area Council for the Arts will have ice cream at its final lakeside concert of the year tonight (Thursday) at 7 p.m.

The library people want to promote their upcoming ballot proposal and so they will be popping up everywhere. At Tuesday's Sumpter Township Board meeting, they got approval to hold a public forum on the library plans at 7 p.m., Oct. 12, in the township hall board room.

FMAR seeks support to save more animals

To the Editor:

Thank you so very much for the great article you wrote regarding our building renovation project. This project has been a dream of Friends of Michigan Animals Rescue (FMAR) for over 13 years and the thought of getting it completed has been our inspiration and ultimate goal.

We moved to Sumpter Township because we wanted to make a difference in the lives of the animals in our community. For the past 13 years we have felt that the move to Sumpter Township was the best decision we had ever made and the support from the police department has been better than we could have imagined.

We have always secured permits when we have done any renovations to any of our buildings and we would never think to move forward without permits and inspections. We also have a drawing of the plans for the barn hanging on the wall that the inspectors have seen each time they came. Some of the dimensions and rooms have changed and nothing is set in stone but it was a good start to what we had planned for the barn renovation project.

We understand the importance of building a safe structure and we have always passed our inspections and worked with the inspectors to add or change anything they have asked of us. We are happy to meet any of their safety requirements. With that said, after the meeting Pete met with an architect that would give FMAR the complete drawings that were asked for by the planning commission board. The estimated cost to hire this architect was between \$10,000- \$15,000! This added cost is not covered with the grant monies, and even if it was allowed would take 1/3 of the grant. This would not allow us to complete even half of the project.

FMAR has saved for 13 years and submitted hundreds of grants to raise this money and we just cannot afford the drawings that the planning board is asking us for. Even though we have grown in the last 13 years we are still a small non-profit that has never received funding from the township or the state to sustain our budget. We have to raise every dime to keep the shelter going. In order for us to find great homes for the animals we take in, we have to get them ready for adoption and sometimes the

medical costs are staggering. Our adoption fees don't begin to cover our costs of even the spay/neuters and vaccines, and if we raise the adoption fees we wouldn't be able to compete with the humane society. If we can't find new homes for the animals we take in we can't take more animals in from our communities.

We are not sure what difference combining the 3 properties would do to help the situation we have found ourselves in however, we have tried to combine our 6.5 acres into one property but the land and buildings will not appraise for the amount we would still owe on the properties so the bank will not allow it.

All we ask is that we all work together to make this a blessing for Sumpter Township and the animals who come to stay until they find new families to care for them. We really do want to protect animals and residents by promoting a healthy and safe environment for all.

We appreciate your support and the support of the residents of our community. Thank you so much for your news articles. We hope the people who read it will continue to support FMAR and help us grow. If there is an architect out there who would like to help with drawings please give us a call. We would love to work with you and our township officials. If anyone would like to help by donating to our project, you can do so at <https://www.givinggrid.com/FMAR/> or by attending one of our fundraisers. They are listed on our website at www.fmar1.org.

Blessings to all.

Shame on Sumpter Planning Commission

To the Editor:

Shame on the Sumpter Township Planning Commission. Holding up the FMAR kennel construction and putting the grant at risk is simply inexcusable. More support should be extended to businesses that have a POSITIVE impact on this community.

Also, we do not need a marijuana growing facility in this community. The Sumpter Township Planning Commission should NOT spend time on this issue.

Please concentrate on making this community better.

Barbara McKenzie

BARBARA MCKENZIE

(March 23, 1930 - August 18, 2016)

Barbara McKenzie, age 86, of Ypsilanti, passed away, August 18, 2016 at home with her loving family by her side. She was born March 23, 1930 in Ypsilanti, Michigan to Ronald and Winifred (Hewens) Bennett. On August 5, 1950, she married William McKenzie. Barbara was a homemaker and volunteered for many community events. She was a teacher of the Wednesday night Bible club at Ypsilanti Friends Church, where she was known as Grandma Barb to many. She also worked as a teacher's aide at Lincoln Consolidated Schools for many years. Barbara is survived by her husband Bill of 66 years; her two sons, Gary (Debbie) McKenzie of Willis and Billy (Donna) McKenzie of Belleville; six grandchildren: Geneva (Joe) Nicholas, Leah McKenzie, Luke McKenzie, Jake (Ashley) McKenzie, Jana McKenzie, and Erica Fry; 13 great-grandchildren; and two great-great-grandchildren, as well as many nieces and nephews.

Barbara was preceded in death by her parents; her sister, Joanne (Thurman) Ramey; and her granddaughter, Dena Sanders.

Visitation was held at Ypsilanti Evangelical Friends Church on Friday August 19, from 3-8 p.m. and on Saturday, August 20, from 11 a.m. until time of service at noon. Memorial contributions may be made to the Ypsilanti Evangelical Friends Church.

GARY DAVID ALLEN

(August 7, 1952 - August 15, 2016)

Gary, 64, of Van Buren Township passed away Monday, August 15, 2016 at his home with his wife and daughter at his side. Survived by wife Connie, daughter Julie (Robert) Betts of Brighton; four brothers and six sisters. He will be truly missed.

Herbert E. (Buzz) Sawyer

HERBERT E. (BUZZ) SAWYER

(April 25, 1926 – July 24, 2016)

Forever young at age 90. Herb is survived by his wife, Teresa Bies-Sawyer, and his four children: Rebecca Sawyer (Byron) Long, Sabrina Sawyer (John) Gerlach, Jason (Norma) Sawyer and Whitney E. Sawyer, six grandchildren, six great grandchildren, and sister and brother-in-law, Diane (Bies) and Craig Brannock.

Active and alert right up to the end, he spent his last day on earth the way he wanted to: enjoying a sunny afternoon around the swimming pool, joking with family, watching golf, raising a glass or two, and sitting down to a home-cooked meal. But in the twinkling of an eye, he was gone. His heart stopped suddenly, and his spirit left this world. Off to a better place with unparalleled beauty. A new adventure began.

He lived a full life; he laughed often. He loved who he was and what he did, but mostly he loved people. He always found the good in everyone.

Friends and family gathered to celebrate his life on the afternoon of July 28 at his home in Merritt Island, Florida.

Some might say that the world is so much less by Herb's passing. Instead, say it was so much *more* because of his presence, touching each life he came in contact with through his friendship, his teaching, his art and his faith in Jesus Christ. His legacy of love lives on through those who knew him.

As former Art Teacher at BHS and in Florida, he encouraged and enriched the lives of countless thousands of students who were fortunate enough to share his wit, wisdom and talent. Bon Voyage, Herb. Save us a place at the great banquet table.

Memorial gifts may be made in Herb's name to East Coast Christian Center, 670 N. Courtenay Pkwy, Merritt Island, FL 32953. Please designate gift is for the Teen Youth Camp. Express condolences or favorite memories at www.islandcremations.com.

LOUIS WILLIAM 'BUSTER' BARNES, JR.

(September 19, 1951 - August 19, 2016)

Help us feed people with food donation card

To the Editor:

People in our community continue to struggle every day to pay their bills and put food on their tables. Some are even forced to choose between the two, a heartbreaking decision that no one should have to make. I'm pleased to announce that The Belleville First United Methodist Church Food Closet has joined forces with the Meijer Simply Give food pantry donation program this fall to help fill that void for our local families.

Each Simply Give campaign helps more than 200 food pantries in Michigan, Illinois, Indiana, Ohio, Kentucky and Wisconsin keep their shelves stocked with food for those in need. But it also fosters a sense of community by encouraging customers to purchase \$10 Simply Give donation cards, which are then converted into Meijer food-only gift cards and given to the local food pantry selected by the store.

The Belleville Food Closet will benefit from donation cards purchased at the Belleville Road Meijer store now through Sept. 24, 2016.

On Sept. 1-3, 2016, Meijer will double its donation, \$20 for every \$10 donated.

I want to encourage you to help us fulfill our mission of helping the hungry in the city of Belleville and Sumpter and Van Buren townships by purchasing a food donation card during your next shopping trip. Tell your friends, relatives, neighbors, and coworkers because every dollar makes a difference.

In our community, a \$10 donation equals seven meals. And, when we give, Meijer gives. For the fifth consecutive year, Meijer will contribute at least \$1 million to the 2016 Simply Give program.

We are very encouraged about this opportunity to serve the hungry in our local community. Last year, we raised \$15,400.

Sumpter Police shut down Nelson Po

To the Editor:

Your article in the *Independent* on the property on Willis Road belonging to Nelson Po got me wondering where you were when the Sumpter police and other officers shut him down at his growing place on Harris Road. This took place on Aug. 15, 2016.

He and his wife were arrested and every leaf of marijuana was burned. Other things were confiscated, as well as his vehicles impounded.

The air has never smelled so fresh and sweet. No more skunky air.

We neighbors who have suffered at the smell of his three pole barns filled with plants are very happy to see this

business shut down. Our prayers have been answered.

Please do not use my name.

P.S. Check with the Sumpter Police. They'll verify everything I've written.

Editor's Note: Other neighbors let me know about this last week, but it was too late to get it in the Aug. 18 edition. Sumpter police were delayed in talking to us because they didn't get the warrants approved by the Wayne County Prosecutor's office until later than anticipated and arraignment was expected Aug. 22. Police generally don't provide names unless they've been formally arraigned.

Campaign gave me chance to meet residents

To the Editor:

April 2016, I received a knock on my door from neighbor Jay Bardell, who urged me to run for treasurer to make positive changes in Sumpter Township. I had never considered running for public office, but Jay encouraged me to enter public life, suggesting that my many years of advocating for persons with disabilities gave me unique qualifications and an outsider's insights. After prayerful reflection and discussion with my family, I decided to accept this challenge and declare my candidacy for the office of treasurer.

Growing up as a person of Short Stature,

I have faced and overcome a great many challenges. These challenges have not always been easy; in a world where you're often literally overlooked because of your height, I had to make myself heard. Being raised in a loving, Christian family that valued and supported my differences made me a more confident and outspoken person.

Since the early 1970s – decades before congress sought to pass any legislation pertaining to persons with disabilities – I was at the forefront of the struggle. Working with local government and corporations to adapt policies to aid people with disabilities gave me insight into the creation of public policy. I have sought to create effective policy, working not only on issues for persons with disabilities, but for the underdogs, the common and overlooked people, the people who for so long have had no voice.

Even though I did not win the Primary, I had the opportunity to meet the residents of Sumpter Township and work with the wonderful members of the Bardell Team. I made some lifelong friends, truly enjoyed the experience, and was able to make a difference by having the ADA Transition Plan implemented in our township.

I want to thank everyone who helped make this journey possible for me.

Judge Green adjourns Cahill's preliminary exam until Aug. 31

By Rosemary K. Oztman
Independent Editor

Charles James Cahill, 49, being held without bond for second-degree murder in a July 27 drunk-driving traffic accident in Sumpter Township, is scheduled to be at 34th District Court in Romulus at 10 a.m., Wednesday, Aug. 31.

Cahill was before Chief 34th District Court Judge Tina Brooks Green on Aug. 17 by video from the Wayne County Jail for his probable cause conference. Nine members of the victim's family were in the courtroom, one carrying a large photo of 12-year-old Victoria Mack, who died from injuries following the crash.

David Lankford, Cahill's court-appointed attorney, said Mike Reynolds, the Wayne County Assistant Prosecutor of record in the case, doesn't yet have the medical exam report out of Washtenaw County and he also needs to review the extensive accident report from the Michigan State Police.

Lankford said, as well, Reynolds has a trial the following week. He asked for the preliminary exam to be adjourned for a week to give Reynolds time to prepare.

Cahill waived his right to a preliminary exam within seven days and Judge Green set his exam for Aug. 31.

Judge Green continued his remand to jail with no bond.

Lankford said that "Murder 2 is not automatic remand" and Judge Green replied that she knew that and had thought about it before taking away Cahill's original bond of \$1 million and remanding him to jail.

She said she took away Cahill's bond on his new arraignment for murder after the victim died.

Cahill is being held on charges of second-degree murder, operating while intoxicated causing death, operating while intoxicated-3rd, driving while license suspended causing death, and driving with open intoxicant in vehicle.

At his arraignment, Judge Green said the second-degree homicide charge was punishable by a maximum penalty of life in prison.

Cahill's driver's license had been revoked by the Secretary of State in 1990, but he continued to drive.

Judge Green said the high blood-alcohol content of .203 within seven years of a conviction is punishable by a maximum of 20 years in prison. There also was a high blood-alcohol content misdemeanor charge, she said.

At Cahill's arraignment on the new charges, Judge Green read off a list of ten past convictions for operating while intoxicated.

She said the third official notice calls for a maximum of five years in jail; his driving while licensed suspended, 15 years in jail;

and driving with open container, a 90-day misdemeanor. His label as a habitual offender could make his sentence a life offense, she said.

The charges stemmed from the 8:18 p.m., July 27, accident at the corner of Willis and Martinsville roads. Cahill reportedly was northbound on Martinsville at more than 80 mph when he collided with a minivan with Victoria in the back seat.

She was cut out of the vehicle by Sumpter fire fighters and airlifted to Mott Children's Hospital in Ann Arbor, where she died July 30. There has been no report of any injuries to the two women and two other female children, ages 2 and 3, who were also in the minivan.

Jon Allen Colombo

Jon Allen Colombo, 60, waived his preliminary exam by video from the Wayne County Jail where he was being held. He was charged with operating while license suspended-third time on May 10, 2015 in Van Buren Township.

His court-appointed attorney Elizabeth Young said he was arraigned the previous Friday and his fiancé posted the \$10,000/10% bond. He then had to wait for an alcohol tether, Young said.

Judge Green said that would be a Sober Link.

Colombo said he was arrested Wednesday, arraigned Thursday, and his fiancé posted the bond on Friday. He said he has a show with a producer the following Saturday and has to get out of jail.

Judge Green said that Judge Parrott ordered the Sober Link and she is not changing the conditions, "Not with all those priors."

She bound Colombo over for an arraignment on the information at the Frank Murphy Hall of Justice at 9 a.m., Aug. 24. Judge Green said attorney Young should call the tether department on her own.

Loretta Ann Tocco

Loretta Ann Tocco, 54, was lodged in the Wayne County Jail on a bond of \$30,000/10% on a charge of operating while intoxicated, third time, on Dec. 24, 2015 in Van Buren Township. She allegedly violated bond while on tether.

She was due for her probable cause conference before Judge Green on Aug. 17 and was at the jail. Tocco's retained attorney Kenneth Karam asked for a

reduction of bond.

Her background includes eight operating under the influence of liquor arrests over the a few years and then there was a 17-year lapse. Then in 2013 there was another OUIL charge and then at the beginning of this year she was charged with leaving the scene of an accident.

The Wayne County Assistant Prosecutor objected to the bond reduction. He said the lab is retesting the sample and so the preliminary exam on this case has been adjourned unto Sept. 7.

Judge Green denied the request for a bond reduction, adding she would look at it again on Sept. 7.

Allen McKinley Marbly

Allen McKinley Marbly, 28, had his probable cause conference adjourned until 10 a.m. Aug. 24 to face charges of assault by strangulation and aggravated domestic violence on Aug. 6 in Van Buren Township. He is free after posting bond of \$10,000/10%.

Garden Fantasy did spectacular job for us

To the Editor:

My husband and I want to thank Garden Fantasy for doing such a wonderful job providing the flowers for our son's wedding a few weeks ago.

Belleville is so lucky to have a wonderful business like Garden Fantasy and its owner Colette McClinton in our city. From the consultation about what we envisioned for the church and reception, until the realization of that vision on the day of the wedding, Collette and her team couldn't have been more patient, professional and meticulous.

When we saw what they had created at the Gem Theater, the site of the reception, we were awestruck, as was everyone who attended. Brava to you, Collette, and to Garden Fantasy and to Mike and Tom and everyone who worked on our wedding. We are so grateful to have artists like you in Belleville! (The peacock arrangement on the grand piano was spectacular!)

Congresswoman Debbie Dingell honors 2 Rosie the Riveters from area

By Marian Caldwell
Van Buren Township

Some people say that history is ancient and why should anyone care about what has happened in the past?

Well, stop and think about how we Americans were saved from a possible dictatorship if we had not fought for our freedom in World War II.

There are women who were housewives that decided they wanted to support their men in the military by working in a hot factory building airplanes, one every 55 minutes, to be shipped to our soldiers overseas in the 1940s.

Instead of saying Hail to the Chief we might be saying *Heil!*

These women were called "Rosie the Riveters" because that was part of their job of building military planes. Their job was tedious, hot, and stressful but nothing stopped these women. The sacrifice was necessary because they were backing up the men who had been called to war duty in the European Theatre.

Recently a special honor ceremony was held at the Yankee Air Museum at Willow Run Airport in Ypsilanti for Original Rosie the Riveters: Phyllis Roullier of Belleville and Mary Serge of Allen Park. Both ladies worked at the Willow Run factory during World War II building airplanes which were flown to our military overseas.

Both ladies were honored with Congressional Recognition Awards for their valuable service by Congresswoman Debbie Dingell along with Ypsilanti Township Supervisor Brenda Stumbo and Superior Township Treasurer Brenda McKinney.

Congresswoman. Dingell applauded these women who have been waiting for their awards for over 70 years by a rousing commendation of their value to this country. They are now officially recognized as part of the "Original Rosie the Riveter" organization.

Both "Rosies" are in their 90s and still going strong.

Samuel Vicchy to be inducted into Coaches Hall of Fame on Sept. 18

Former Belleville educator and coach Samuel Vicchy is among the 15 men who will be inducted into the 58th class of the Michigan High School Coaches' Association Hall of Fame at 1 p.m. Sept. 18 at Central Michigan University.

Vicchy, who coached for 38 years before retiring, now lives in Hernando, FL. He started off as a coach and teacher of science and chemistry at Erie East High School, 1961-65; then went on to Erie Cathedral Prep School, 1965-69; Kent State University School, 1969-70; and Belleville High School, 1970-1999. He retired from BHS in 1999.

Vicchy graduated from Scottdale High School, PA, where he played football and baseball. There was no swimming team. He earned his bachelor of science degree in education at Slippery Rock State College

where he played soccer for four years.

Vicchy's athletic director at BHS was Harry Hidenfelter. At BHS Vicchy coached men's and women's swimming, women's cross country and track, and men's golf. Vicchy was honored as Golf Coach of the Year in 1972; Western Wayne Coach of the Year, 1970, 1972, 1975, 1976, 1978, 1980; and Women's Swimming Region II Coach of the Year in 1986.

The formal induction of the Michigan High School Coaches' Association Hall of Fame Class of 2016 will take place in the Terrace Room of the Bovee University Center on the campus of CMU. People interested in attending may contact Mark Holdren at mholdren@portlandk12.org, 854 Marshall Street, Portland, MI 48875, (517) 526-4575 or the website at mhsca.org.

Rosies record falls, Yankee Air Museum vows to reclaim title

The Yankee Air Museum on Tuesday expressed its congratulations to the people of California for reclaiming a Guinness World Record in Richmond this past weekend.

On Saturday, Aug. 13, a claimed 2,265 people, dressed as Rosie the Riveter, gathered at the National Rosie the Riveter Park to set the new record. The previous record of 2,096 People Dressed as Rosie had been held by Yankee Air Museum since October 24, 2015.

"On behalf of the entire Yankee Air Museum community, I extend to the California Rosies our heartiest congratulations for raising our world record," said Kevin Walsh, Executive Director of Yankee Air Museum. "We applaud the California Rosies and thank them for elevating the stature of women in the workplace, and

especially those who entered the factories on the American home front during World War II. They delivered unprecedented excellence then and women with the 'We Can Do It' spirit have been excelling ever since."

Walsh said that Representative Debbie Dingell, 12th Congressional District and Supervisor Brenda Stumbo of Ypsilanti Township immediately stepped up to reprise their roles as co-chairpersons of the Museum's Rosie the Riveter World Record event.

"In the months ahead, we will be organizing efforts for the next run at a new World Record," Stumbo said. "We'll be back, and our record, like our heritage, will be stronger and more meaningful than ever."

Sumpter Progressive Civic League gives away 60 backpacks to students

By Rosemary K. Otzman
Independent Editor

On Saturday the Sumpter Progressive Civic League put on what they are calling their first-annual Back-to-School event for Sumpter children.

They gave away 60 backpacks filled with school supplies for students from pre-Kindergarten through high school and hosted an afternoon of fun and safety education at Graham Park.

Christy Darty, secretary of the re-energized league, said the extra school supplies left over were being donated to Keystone Academy charter school in Sumpter Township.

Sumpter Township Police Officer Beth Egerer presented lessons on internet bullying and proposed a contract with parents where the students promise to tell if they see something wrong.

Police also presented gift bags with cereal and other food inside.

Sumpter fire fighters Jamie Krushlin and Mike Wisniewski invited the students onto a fire truck and let them touch equipment and blare the siren. They talked to the students about fire safety.

Darty said they had lots of games and activities for a full afternoon.

The new league officers are: Kariethea Murry Hanible, president; Vincent Warren, vice president; Darty, secretary; Jackie Gregory, treasurer; Elder Martha Braford, chaplain; and Paulette Thompson, sergeant-at-arms.

The next meeting of the league is at 6 p.m., Sept. 15, at the Sumpter Township Community Center and those interested are invited to attend. Hanible said they are looking for volunteers and donations to support the league programs. The phone number for information is (734) 461-1767.

Crystal Harris, the longtime president of the Sumpter Progressive Civic League, is in rehab in Georgia, following a stroke. She is encouraged by those who have taken up the work of the league and is anxious to get back to Michigan to see them all in action.

City Council asks planning commission to look at Chapter 66

By Rosemary K. Oztman
Independent Editor

Belleville Mayor Kerreen Conley told the city council Aug. 15 that she thinks the city's requirement for two-story buildings in the downtown may be prohibitive to development.

She explained her concerns to the council and council members agreed and voted to ask the planning commission to look at the one provision in Chapter 66 of the zoning ordinance that requires two-story construction downtown.

The planning consultant is expected to attend the planning commission meeting on Sept. 8 and the planner will be asked to estimate the amount of money it will take to revisit this requirement.

City Manager Diana Kollmeyer said it costs \$400 every time a planner comes to a meeting.

Mayor Conley said the city hasn't had a lot of development in the downtown area. She said they want people to walk around in the downtown area and visit retail shops. It just can't be all services. Retail is needed, she said.

"Maybe it's time for the planning commission to sit down and talk about it," Conley said, adding they can ask the consultant to come in and tell the city what other communities are doing.

The council also discussed the 50% retail required block by block downtown.

"We really want to get retail in the downtown area," Conley said, adding with Chapter 66 they really haven't seen that happening.

Building Official Rick Rutherford said, "We have such a unique set of circumstances

in Belleville. We've had a hard time trying to keep commercial on the ground floor."

Councilwoman Kim Tindall said she didn't think the requirement to have retail at 50% per block is so complicated, as some have said.

"This was brought to us as a recommendation by our planners," she recalled.

"We can ask the planners if there is something else we could be doing to make that happen," Conley said.

Rutherford said a lot of businesses on Main Street, who say they are retail, are not really retail, like the tracker plan and the pharmacy.

"We absolutely would agree with you," Conley said.

"It all was done with the best of intentions," Councilwoman Tindall said. "All we wanted was a walkable downtown ... The implementation has been challenging." When asked, she estimated the requirement was added within the last seven years she's been on the council.

Conley said services don't need to be on Main Street because people will go to the doctor's office, for example, wherever they are located.

She said she doesn't know if the lack of development downtown is because of the economic downturn or something else.

In other business at the 50-minute meeting on Aug. 15, the council:

- Approved amendments to the Sign Ordinance as recommended by the planning commission, which had held a public hearing. Most of the changes are required by a decision of the U.S. Supreme Court;

- Approved the request from the Belleville Area Council for the Arts to coordinate the citywide yard sale at Victory Park on Sept. 10 and 11. Becky Hasen said people do not have to sign up in advance, but just show up at the park as early as 7 a.m. on Saturday and can stay until 5 p.m.; and to set up as early at 9 a.m. on Sunday and can stay until 4 p.m. Cost per day is \$15 or \$25 for both days. Participants provide their own tables and clean up after themselves, she said. Hasen asked the city to make sure there is toilet paper in the rest rooms at Victory Station. For more information, call Hasen

Belleville's newest police officers were introduced to the city council at Monday's meeting. From left are full-time Officers Craig Lewis and Tim Trombley, and part-time officer Sean Templeton. Chief Hal Berriman said Officer Trombley has been with the department for more than a year, starting out as a Reserve, then working part time, and now is full time.

at (734) 347-0430 or email msbeck48111@yahoo.com;

- Approved closing Fourth Street from 9 a.m. to 4 p.m. on Oct. 8 for Harvest Fest events, which start at 11 a.m., and to allow the Central Business Community to use Fourth Street Square for a Harvest Market, which would run 11 a.m. to 4 p.m.;

- Approved accounts payable in the amount of \$287,760.40 and the following purchases in excess of \$500: to SLC Meters, \$3,870 for a maintenance agreement, water/sewer fund; to BS&A Software, \$2,997, annual service contract, general fund; to MIOSHA, \$1,250 for inspection, from general fund/DPS; to Split Second Tacticals, \$1,500 for utility vests for officers, general fund/police; to Emergency Reporting, \$1,668 for annual software contract, general fund/fire; to Osborne Concrete, \$863 for cemetery footings, cemetery fund; to Wise Technologies, \$699.24 for computers / maintenance, general fund / various funds; to Superior Auto & Truck, \$648.89 for street sweeper repair, major/local street funds; and to B&R Janitorial, \$623.50 for

cleaning supplies, from general fund/DPS;

- Was advised the new police car has been ordered and will be delivered in a couple of weeks. Police Chief Hal Berriman has prepared a bid package for the equipment to be installed on the car and those bids are due Aug. 29. Also, Rutherford is working at financing for his new truck;

- After Rutherford reported the roadwork on West Columbia Avenue is still slated for completion in October, Kollmeyer asked him to have Wayne County communicate that information to the schools;

- Heard Councilman Tom Fielder tell of his work with a group discussing how to keep drug deaths from occurring. He said there were 506 drug deaths in Wayne County last year and 342 for the first six months of this year. He said Fentanyl, a substance that gives an extra kick, is being added to drugs and is one of the main causes of these deaths. He said over the last four years the highest number of deaths from Fentanyl over a 12-month period has been 148 in Wayne County. This year for the first six months the number is 168.

VBT board discusses buying three F-250 2017 pick-up trucks

By Rosemary K. Oztman
Independent Editor

At the Aug. 15 work study session of the Van Buren Township Board of Trustees, Public Services Director James Taylor explained the three 2017 four-wheel drive, pick-up trucks he wants to buy for the Buildings & Grounds fleet.

He said he went out for bids and received two. The bid of \$85,200 from Atchinson Ford was \$3,712.88 less than the only other bid received, he said. Jack Demmer Ford's bid was \$88,912.88.

Director Taylor said the purchase is in the budget in the Buildings and Grounds Capital Outlay account.

The purchase is scheduled to be on the agenda of the Sept. 6 regular township board meeting for consideration.

Taylor said the trucks are replacements for aging vehicles. He said the trucks perform a wide variety of maintenance tasks township-wide. They are used for snow removal and grounds maintenance for township properties, including the township's five parks and four cemeteries, as well as support services for elections and other activities provided by a number of township departments.

"These trucks have gone beyond their service life and are requiring increased repair costs and down time with no added values," he wrote in a memo to the board, adding the trucks are eight and nine years old.

Two of the trucks he recommended in the memo were F-250 Super Cabs, to be used by staff that requires more cab space for tools and gear, and one is a F-250 Regular Cab that requires a longer bed for hauling lumber, picnic tables, and other larger items used in the parks.

He said in the memo that the Super Cabs have become the standard for most of the trucks recently purchased in the Water & Sewer Department.

But, when he presented his proposal to the board at the work/study session, Taylor announced that he has reduced the two Super Cabs to Regular Cabs. He said the Super Cab was a step up to give more space, but it's not absolutely essential.

He said the change reduces the price from \$85,200 to \$81,000.

"We're not getting leather seats?" asked Trustee Jeff Jahr and Taylor said the seats were not leather.

Trustee Jahr noted that the trucks have 6.2L V8 gasoline engines and asked if a 6

cylinder would be OK.

"I'll defer to you," Jahr said. "I don't want to question your judgment." He said normally bare-bones pick-up trucks are used for maintenance crews.

"This is a far cry from that," he said, "but, if that's what you want..."

Taylor said they decided to go with the 6.2, but they will take a second look at it.

Trustee Reggie Miller asked what the life of a truck is, noting that the police department puts the life of a patrol car at 100,000 miles.

Taylor said these trucks have heavy usage and are pretty beat up. He said they lost one of those trucks for two weeks in December because it needed chassis work. When asked if they could trade the old trucks in,

VBT Board rezones property owned by LDFA on Ecorse Rd.

By Rosemary K. Oztman
Independent Editor

At its Aug. 16 regular meeting, the Van Buren Township Board of Trustees approved the second, and final, reading of the rezoning of a parcel on Ecorse Road owned by the VBT Local Development Finance Authority.

The small parcel, just west of Hannan Road on the south side of Ecorse, has been rezoned from AG (Agricultural) to C (Local Business) at the request of the LDFA. The planning commission recommended approval after a public hearing during which no public spoke for or against it.

The LDFA wants to sell the property and felt it would get a better price if it was zoned for commercial activity.

In other business at the Aug. 16 meeting, the board:

- Approved the appointment of Aaron Sellers to the Board of Zoning Appeals as an alternate with a term beginning Sept. 1 and expiring Sept. 1, 2019. Sellers is business services manager for Southeastern Michigan for Comcast Business. He has lived in VBT for six years on Lake Point Pass. He graduated from Belleville High School and serves on the Belleville Lake Shore Committee and belongs to the Jackson and Ann Arbor/Ypsilanti chambers of commerce. He was not present to meet the board at either the Aug. 15 or Aug. 16 meetings, but he had been interviewed by Lianne Clair of the supervisor's office;

- Approved adoption of the 2016 Tax Rate Request, which is .9144 allocated millage

Taylor said they couldn't but they would auction them off and the money goes back into the general fund.

Treasurer Sharry Budd asked what were the "hard miles" he said the trucks drove, since they mainly drive on paved surfaces.

Taylor replied it was pushing snow, running around a lot, pushing other things, and basically being work trucks.

Former Supervisor Paul White asked the mileage on the vehicles being replaced and Taylor said they were: 87,978, 75,335, and 59,468.

White said those mileages were not excessive and a lot of work trucks have 150,000 miles on them.

Taylor said the one with 59,468 miles cost the most in maintenance last year.

Trustee Miller asked if the township was getting a reduced rate for buying three instead of one and Taylor said he didn't know, but they probably are getting a bulk rate. He said he would ask Craig Atchinson.

White asked if he will be coming back in three years to buy more trucks and Taylor said he expected these trucks to last another eight or nine years.

The new trucks, according to paperwork furnished to the board, included among other options: a vinyl 40/20/40 seat (steel), XL trim, XL Décor Package, molded black cab step, electronic shift 4 Wheel Drive Shift on the Fly, tele trailer tow mirror power, upfitter switch, remote start, and XL value package.

plus 4 mills extra voted millage for public safety for a total of 4.9144 mills. The 2016 Taxable Value of real and personal taxable property in the township is \$969,499,077, so the tax amounts to \$4,764,506;

- Approved the 2017 board meeting dates, which generally are the first and third Tuesdays of the month at 7 p.m., with work/study meetings at 4 p.m. the preceding Monday;

- Approved the 2017 holiday schedule, which includes 15 days: New Year's Day observed, Martin Luther King, Jr. Day, President's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Veteran's Day observed, Thanksgiving Day, day after Thanksgiving Day, Christmas

Eve observed, Christmas Day observed, and Christmas holiday, Dec. 27 through Dec. 29;

- Approved the SMART Municipal FY 2017 Municipal Credit Contract, with an estimated \$20,000 for recreation transportation and \$8,348 for senior transportation, for a total of \$28,348. The local match of \$32,597 is met by the township's general fund and in-kind services; and

- Heard resident Reg Ion ask when the budget sessions were scheduled and he was told they will be Oct. 25, 26, 27. Ion also discussed larger-size American flags for the polls and going out for bids for towing companies for the police to call.

Reg Ion brought a small flag to the Aug. 16 meeting of the Van Buren Township Board of Trustees to demonstrate the size of the American flag that was mounted at his voting precinct on Aug. 9. He said the clerk should have an eight-foot flag at each precinct, not a tiny flag. He asked the clerk's office to get proper-size flags and to put them at the polls. VBT Clerk Leon Wright said, after the meeting, that his department doesn't have big flags or the money in his budget to buy them.

District Library Board approves letter of engagement for auditor

By Rosemary K. Oztman
Independent Editor

The Belleville Area District Library Board approved a letter of engagement to hire Alan C. Young & Associates to do the financial audit for the fiscal year ended June 30.

The unanimous vote was taken at the board's regular meeting on Aug. 9.

Treasurer Tanya Stoudemire pointed out the cost is the same as last year's audit, \$6,475, and charges for additional time, if necessary, also is the same.

In other business at the 36-minute meeting, the board:

- Discussed various promotions for the upcoming bond and millage election, including an ice cream social from 7 to 8 p.m. on Aug. 24; special bookmarks; "I love my library" videos, and a forum at 7 p.m. Sept. 28 at the Belleville High School mini-auditorium. Board chairman Sharon Peters said they would like to have forums in each of the townships, as well. Mary Jane Dawson was praised for her work on marketing the library proposal; and

- Heard Director Mary Jo Suchy announce that her deputy director Hilary Savage volunteered to be on the Library Network's Request for Proposals Committee to evaluate and purchase a new shared library automation system. She has also volunteered to be their secretary. "The last time we changed automation vendors was in 2005 and it is important for our library to be included in the decision-making process," Director Suchy said.

Trinity Episcopal hosts second Community Baby Shower Sept. 17

The second Community Baby Shower for First Step women's shelter will be held from 11:30 a.m. to 2 p.m. on Saturday, Sept. 17, at Trinity Episcopal Church parish hall, 11575 Belleville Road, across from Burger King.

Hilary Hitte will speak on, "When Do I Know It's Time to Leave?"

This event is open to women 18 years and up. The church is collecting new items for infants up to three years of age, including diapers, wipes, and bottles. Unwrapped only.

For more information or to register for the event call Marian Caldwell at (734) 796-3671 or email her at mariancaldwell@yahoo.com.

Keystone

(continued from page 3)

on the survey because the school disciplined their child.

Godfrey said Keystone does have “non-negotiable” infractions, such as profanity, threats, and fights.

She said in late September or early October, Keystone will have a curriculum event and she will talk to the parents about discipline and confidentiality.

“I don’t like to get in the spotlight, but I need to talk more so they’ll understand,” Godfrey said.

In other business at the Aug. 18 meeting, the board:

- Heard Godfrey announce that professional development week for teachers would be Aug. 22-26. On Aug. 22 they planned to flood downtown Belleville for a scavenger hunt starting at the Fourth Street Square and finally ending at the square and going into Egan’s for hamburgers;

- Heard Losen announce that all the board members will be going to the upcoming National Heritage Academies’ symposium in Grand Rapids at a cost of \$250 each, which covers room, board, and travel expenses. NHA is covering part of the expenses;
- Learned the candidate to fill a vacancy on

the school board has been approved except for the “conflict of interest” problem with NHA. He is a part-time basketball coach at Keystone and gets paid by the school, so he cannot be approved as a board member until that detail is straightened out. “We have all his paperwork, but until we get the green light we can’t move forward,” said Jeff Henders, NHA Board Relations Representative;

- Reviewed the 200-page 2015-16 Annual Education Report prepared by NHA for the schools authorizer, Bay Mills Community College, and to submit to the state;

- Approved the 60-page School Improvement Plan to submit to the state. Godfrey also provided a copy to board members of state proficiency results prepared by NHA to compare Keystone to adjoining Van Buren and Lincoln school districts and to statewide scores for school year 2014-15. In all categories Keystone met or exceeded the scores for Van Buren, Lincoln, and the state;

- Ratified the Criminal History Record Information documentation and agreed to have Presque Ile do the work. Presque Ile does most of the work for Michigan schools for NHA and it is working well, according to reports;

- Heard Godfrey report that Keystone is fully staffed for classes. The following

changes have been made: Andrea Kaplan moved to a public school in Milan and she is replaced by Sarah Zajac; Jenny Bachakes had an opportunity at Henry Ford Community College, so Chelsea Jackson will move up to the first grade position from Y5; taking over Jackson’s Y5 class is Megan Reaume, a paraprofessional who changed her role; Lauran Depres is taking part in a year-long internship, so Justin Kucera, a first-year teacher will teach social studies; Corey Williams has a new position with the Ann Arbor Public Schools and so Sheena Ritz will take over his science and social studies classes; and John LeBlanc has a new position with the South Lyon School District and Andrew Pope will fill his position; and

- Was informed a Welcome Back Event & Resource Fair is set for Aug. 24 and the first day of school is Sept. 6

Sumpter Twp. Board approves forum to discuss library vote

By Rosemary K. Oztman
Independent Editor

8 General Election will be held at 7 p.m., Oct. 12, in the Sumpter Township board room.

A public forum to discuss the Belleville Area District Library's ballot proposal in the Nov.

The Sumpter Township Board of Trustees approved the forum at its regular meeting

Tuesday.

The board also approved letting the library use the DPW office building at 23465 Sumpter Road as a media center if the library millage is passed by voters.

The DPW offices will move to the post office building next door.

Library Board president Sharon Peters said the media center will be the satellite location required by the library agreement. She said it will be filled with computers, WiFi access, and be a pick-up and drop-off location for books, DVDs, CDs and other materials, so local residents don't have to drive into Belleville for materials.

There will be staff on hand to help with computers. She said the plan was developed

with people in Sumpter.

Peters said a survey prepared by Sumpter resident and library board member Joy Cichewicz showed the failed 2014 library proposal was not what the people wanted. Both plans for the main library in Belleville and the satellite location in Sumpter have been cut back.

She said the proposal on the Nov 8 ballot is more costly than what people are now paying for the library, but less than other libraries she named.

Peters said the present library does not have the space or electronic capabilities to service the people of the community. She said they will be reaching out in as many ways as possible to bring information to voters before Nov. 8.
